About Hyderabad

Hyderabad, city located along the banks of River Musi, is the largest city and capital of the State of Telangana. It is perched on a hilly terrain surrounded by beautiful artificial lakes, including the Hussain Sagar that predates the founding of the city. The city is home to some exotic flora and fauna and is one of the fastest growing cities getting greener every day. A hub of technology firms, including Microsoft and Oracle call Hyderabad a 'Hi-tech City' home.

About the College

Indian Institute of Management and Commerce, founded in 1973, is managed by Vasavi Foundation, formed by the members of Vasavi Seva Kendram and Vysya Hostel. The institution strives to fulfill its mission to provide educational opportunities to all aspiring youth to excel in life by developing academic excellence, fostering values, creating civic responsibility and building global competencies in a dynamic environment. For its contribution in the field of education, IIMC was recently accredited with A+ by NAAC and also certified by ISO 9001: 2015.

About the Conference

Global opportunities abound through holistic development in education, technology, and research. Education serves as the foundation, fostering critical thinking, creativity and cross-cultural understanding. Integrating technology amplifies accessibility, enabling broader participation and innovation. Research drives progress, uncovering solutions to global challenges and fostering collaboration across borders. Holistic development cultivates well-rounded individuals equipped to tackle complex issues, fostering sustainable growth and prosperity worldwide. By nurturing a synergistic ecosystem of education, technology, and research, we unlock boundless opportunities for individuals and societies to thrive, bridging gaps, empowering communities, and advancing humanity towards a brighter future.

Objectives of the Conference

1. To promote equitable access to quality education worldwide, leveraging technology to reach marginalised populations
2. To encourage innovation and the development of cutting-edge technologies across sectors, addressing pressing challenges
3. To facilitate interdisciplinary collaboration among researchers from diverse fields, fostering creativity for societal well-being

Expected Outcomes of the Conference

- ✓ Weaving adaptive pathways for the future learners
- ✓ Establish institutions as hubs of innovation
- ✓ Leveraging technology and public digital infrastructure to improve the available opportunities for skilling and employability
